Procedure to activate an eID

1. The **MS** notifies its eID.
2. The **EC** adds the MS notified eID in the Commission eIDAS proxy.
3. The **EC ECI team** activates **the** eID on its Acceptance environment.
4. The **EC ECI team** contacts the MS for testing the support via eID.
5. The **MS** supports with eID on the Commission Acceptance environment.
6. The **EC** activates the eID in production.

Agenda

1. New Collection System and Test environments
2. Implemented rules on Document ID
3. Support via eID
4. File Exchange Service

Test campaign on the file exchange service 2020

- Start date: 02/10/2020 – End date: **06/11/2020**

OBJECTIVES:

Ensuring Member States are ready for performing their ECI obligations of validating Statements of support:

1. Member States credentials are still valid
2. Member States contact points are still active
3. Tools and Processes are working

Notification process

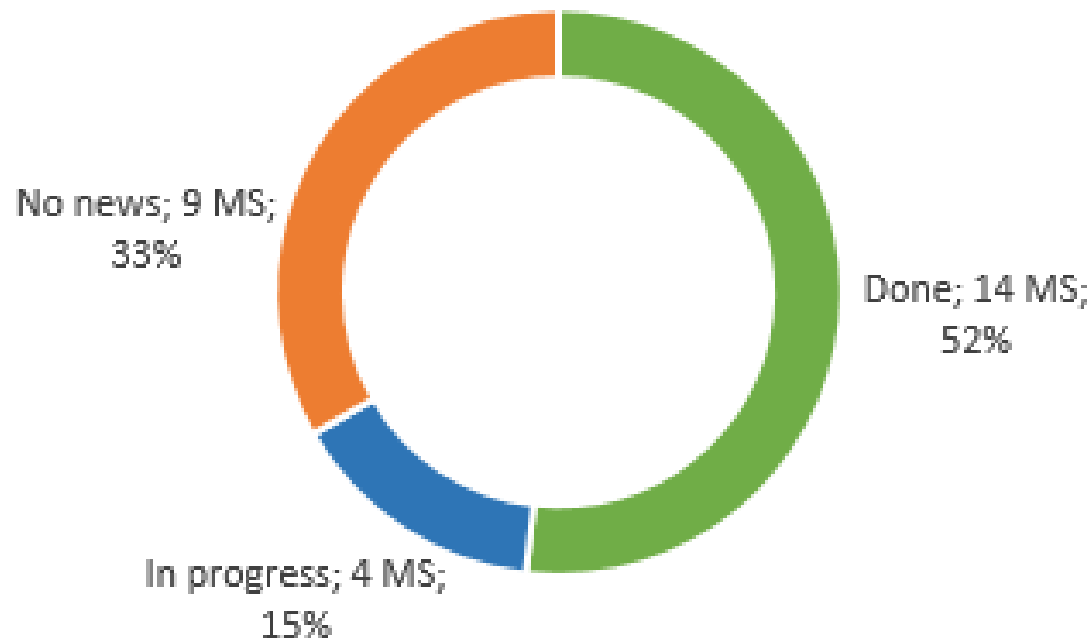

- MS contact point for the file exchange service should have received a **notification message** on the 02nd or 05th of October.
 - This notification message contains a link to a document to download in S-CircaBC.
 - This document describes the instruction to follow to perform the test.
- **A follow-up email** has been sent by the Secretariat General
 - For those who have not received the notification (e.g. contact person obsolete)
 - Containing all instruction for the test campaign
 - Manuals for newcomers

Test campaign status (22/10/2020)

14 MS who completed the test: **AT, BE, BG, DK, ES, GR, HR, HU, IT, LU, NL, RO, SE, SI**

4 MS in progress or in contact with the Commission: **DE, FR, IE, PL**

No news from 9 MS: **CY, CZ, EE, FI, LV, LT, MT, PT, SK**

Test campaign lessons learned

4 MS requested to **re-upload their credentials**.

4 MS requested to **add/remove a contact person** in its group.

5 MS requested **support from the Commission**.

9 MS did not react after 3 weeks (regulation obliges to validate the statements of support within 3 month).

Next test campaign

Will depend if there will be a successful initiative requesting to use the file exchange service ?

- **If yes**, no test campaign will happen. The test is replaced by dealing with a real initiative
- **If no**, it will happen between 9 and 12 month after the last activity.

Q&A

DIGIT-ECI@ec.europa.eu

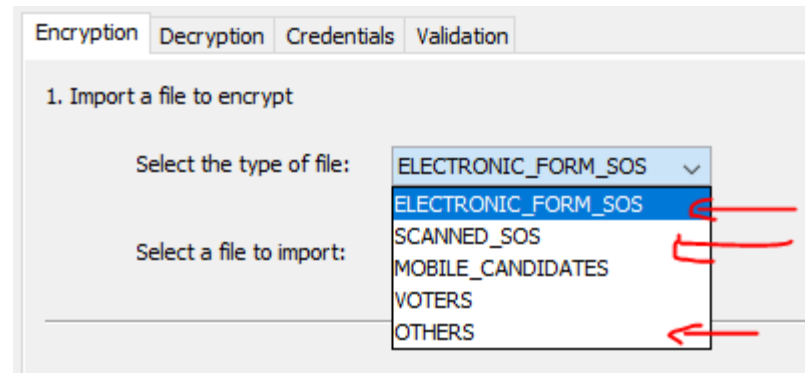

Annex

- Recommendation to transmit to your Member State contact point for the file exchange Service.

New version of the Crypto tool

Version 1.2.4 of the crypto tool has been released:

- Available in Joinup
- New Features

- **Not mandatory to install this new version of the tool.** The files encrypted with the previous version can be read with this new version 1.2.4.
- **In case you want to install this new version of the tool, it is recommended to keep your old credentials. If you generate new credentials, immediately communicate them to the Commission (DIGIT-ECI@ec.europa.eu)**

Credentials Management

Changing your credentials of the crypto tool.

- If you change your credential of the crypto tool, immediately inform the Commission and send to DIGIT-ECI@ec.europa.eu your new credentials.
- The Commission will upload your new credentials to the File Exchange Service. The _PUBLIC_KEY Folder is only in read-only mode for Member States

Commission recommends that you keep for at least 2 years any version of your credentials.

- So if you have changed 3 times your credentials over the last 2 years, you should keep the folders to restore them in the new instance of the tool
